FARMER'S ELEVATOR.

Winnipeg Telegram of 22nd Jan.—The farmers in the Condie settlement have decided to build a farmers' elevator at Condie siding, along the Prince Albert branch. A meeting was held for the purpose of discussing the question at which over thirty farmers were present and to show the wealth of that district it may be said that those present represented about \$400,000 capital. The result of the meeting was that it was decided to build a 30,000 bushel elevator. The price of the shares was set at \$50 and the number to be held by each subscriber was limited to ten. The company will be incorporated with a capital of \$15,000. A committee was appointed to get subscribers. The amount that will be required before steps for incorporation are taken is \$4,000. Of this amount \$2,200 was subscribed on the spot. Half the amount will be paid by April 1st and the other half by October 1st. It is quite probable that building operations will commence in April.

HOW A CANADIAN DIED.

Mr. Frank Masters, of Vancouver, has received a letter from a friend of his serving with the Canadian Rifles in South Africa.

The letter tells of the wounding of Private Arthur Timlick, of New Westminster, who has since died. The party of which the writer of the letter was Timlick were members, attacked a Boer laager early in the morning. After much hard fighting they managed to bottle up the party of Boers in a farm house and there secured them as prisoners.

A couple of the Boers, an old man and his son, however, succeeded in getting away, and Timlick was among the men sent to bring in the two crafty Boers. The old man was finally surrounded in a little ravine and tender. The New Westminster man went up, suspecting to take his gun, when the old Boer suddenly fell with several bullets in him, through his leg and another through his shoulder.

Shortly after the Boer was disarmed and brought in and both he and Mr. Timlick were placed in the same hospital. Timlick succumbed in a few days.—Vancouver, B. C., Province.
